Gary of Steel Corp. Sees Bright
Prospects Ahead

BOTH HERE AND IN EUROPE

Thinks Prices Have Been Outrageously
High, But Is Convinced Tendency
Now Is Toward More Reasonable
Level.

New York, Oct. 22.—Business prospects are unusually bright, both in the United States and abroad, Elbert H. Gary, head of the U. S. Steel Corp., declared in an address on "The Situation in France and Belgium," before the American Iron and Steel Institute here today.

"Although this is a time for courage, composure and caution," Mr. Gary said, "the business skies are practically without clouds. As always, there may be showers from time to time, but there is nothing in the atmosphere to indicate the approach of dangerous storms."

Interference, Only Danger.
"If there should be a serious reaction and depression," he said, "which now seems improbable, it will be the fault of those who are connected with business operations, or others who by reason of official positions improperly interfere, and not because of any fundamental deficiencies in our resources and opportunities."

MRS. MABEL KENYON FOUND GUILTY OF MANSLAUGHTER BY JURY AFTER DELIBERATING HOUR AND 45 MINUTES

Pawcatuck Woman, Convicted of Slaying Dr. Tetlow
With Whom She Had Been Intimate For Many
Years, Sentenced to 10 to 15 Years in State Prison.

Norwich, Oct. 22.—Mrs. Mabel Kenyon who was indicted for murder in the first degree in shooting and killing Dr. Herbert Tetlow in his room at Pawcatuck last June, was found guilty of manslaughter by a jury this noon. The jury went out at 11:20 and returned at 12:55.

Judge George E. Hinman, when Foreman Frederick J. Noyes informed the clerk that a verdict had been reached said that the jury had found Mrs. Kenyon "guilty," asked, "In what degree?"

"Manslaughter," replied Foreman Noyes.

The court accepted the verdict, and thanked the jurymen for their attention to the case and complimenting them on the excellent way they had withstood the fatigue of a protracted trial.

Mrs. Kenyon stood to receive the verdict. She showed no emotion. The court recessed until 2 p. m. Mrs. Kenyon with counsel and those of her family who had been with her throughout the trial retired to a side room. Once in there someone was heard to cry out, but in the courtroom there was no expression of emotion from any of the party.

When court came in today, Judge Hinman made his charge which lasted them on the excellent way they had explained the law and the definition of homicide, seeming to lay particular stress on degrees of guilt which were possible on the evidence, explaining manslaughter at some length. The words of the court were intently followed.

When court convened Mrs. Kenyon was sentenced to state prison for not less than 10 years and not more than 15 years.

M'SWINEY, RAVING, IS ANXIOUS FOR IRELAND

Asks If Republic Has Been
Recognized—More Food
Forced Upon Him.

London, Oct. 22.—Terence Mac Swiney, lord mayor of Cork was delirious this morning and the prison authorities continued to force food into his mouth in spite of his protests, according to a bulletin issued by the Irish self determination league.

The lord mayor becomes conscious at intervals, the bulletin said, but is unable to recognize relatives or his surroundings. For a short time last night his delirium again became violent.

"He went to sleep for about an hour" continued the bulletin. "At about 4:15 o'clock he seemed to be rallying to his senses but relapsed almost immediately. This occurred again between 7 and 8 o'clock when his sister Annie was with him. He suddenly asked what were the month and the year, where he was and was the Irish republic established and recognized."

"It seemed as if he might recognize his sister but he became delirious again, muttering: 'We did some grand marching during the night; they were marching as well, but we beat them; it's glorious.'"

The prison authorities continue to force food into his mouth. About 8:30 this morning a nurse held a spoon of meat juice to his lips but he muttered 'no, no, take it away' and closed his lips firmly. The performance was repeated twice when his head fell back from exhaustion and the spoon was inserted in his mouth."

The Central News says Mac Swiney was only partially conscious this morning, having passed a very bad night. It declares a doctor again administered liquid food and that subsequently the lord mayor became violently ill and was thrown into an exhausted condition.

INDIANS ARRESTED

Descendants of Red Men in Lebanon
Face Charge of Assault With Intent to Kill.

Lebanon, Conn., Oct. 22.—Ephram Dorus and Sarah Lambert, were charged in town court today of assault with intent to kill Isaac Swyden and each held in \$5,000 bonds for the superior court. Dorus waived examination but the woman told her story. As neither could raise the bail Justice of the Peace Curry committed them to Norwich jail.

Swyden was in Williamstown yesterday for a load of plank. He says that while on the way home he stopped at Dorus' house and Dorus got into an argument with him over the quantity of plank in the load.

Swyden says he resumed his trip and when near home he heard some one say "throw up your hands." Dorus was in the roadway and discharged a gun at a range of 20 feet. Small shot peppered Swyden's hand and forearm. He claims the Lambert woman carried shells for Dorus.

Fugitive Surrounded Last Night By Force of 150 Armed Men—Auto Stolen in Derby Recovered.

Warner, N. H., Oct. 22.—The convicts Stivers and Bassett, who escaped from Sing Sing prison last Saturday, were captured today in the woods here.

Warner, N. H., Oct. 22.—A stretch of wild, sparsely settled country beginning with the woods two miles from this village was the scene today of a stern game of hide and seek between a sheriff's posse and two men believed to be George Stivers and Marcus Bassett, who escaped from Sing Sing prison Saturday night.

While part of the posse, composed of deputy sheriffs, policemen from Concord and residents of this town searched the woods, others guarded possible avenues of escape. There were about 100 men in the searching party, armed with shotguns and rifles.

Escape Posse's Shots.
Both the supposed convicts were seen in the woods last night and shots were fired at them but they dodged out of sight apparently unharmed. Later they were refused food at two farm houses near the edge of the woods and then re-entered the forest. Guards then were posted to prevent their escape until the search was resumed at daylight.

The first entry into the woods was made when the men's gasoline supply became exhausted and they abandoned the automobile that had been stolen from a Concord undertaker on Tuesday.

Conn. Car Recovered.
The theory that the men were Stivers and Bassett was strengthened by the fact that another automobile in which was a robe taken from the car that had been stolen at Concord, was abandoned near Kenniker on Tuesday night, supposedly by them, and bore a Connecticut number plate. The plate was stolen from the car of William McCabe, of Derby, Conn., last Sunday by two men thought to be the escaped convicts, who had held up McCabe and a companion.

150 Men in Posse.
Sheriff Worster's reports from his assistants at 9 a. m. today showed that nothing had been seen of the hunted men since they called about 8:30 last night at the home of Carl Jewell in Warner and obtained food. The sheriff said he would have at least 150 men in the searching party.

Warden Lawes of Sing Sing, accompanied by three keepers, arrived here this morning to assist in the hunt.

He had disapproved of Brandegee's political course from the beginning, he said.

REPUBLICAN CAMPAIGN GREATEST CONSPIRACY

So Declares Gov. Cox, Who
Predicts Defeat of Senator Brandegee.

Trenton, N. J., Oct. 22.—A one-day campaign in New Jersey was opened here by Governor Cox with a noon theater meeting, at which the democratic presidential candidate asked for a "mandate" of ballots to "overturn the greatest conspiracy in all the ages." This, he said, was the "mandate" proposed under the league of nations.

The league, Governor Cox said, was "inspired by God, as much as the declaration of independence itself."

Like other recent audiences of Governor Cox, his Trenton crowd today hissed the name of Senator Lodge of Massachusetts.

Governor Cox named Senators Brandegee of Connecticut and Moses of New Hampshire, Smoot of Utah and Watson of Indiana as signers of "round robin" who would, he predicted, "stay home" as a result of the election.

"And Senator Harding, he'll stay home too, I believe," the governor added, and the crowd laughed and cheered.

When a baby's crying competed with the governor's voice, he interrupted to the mother:

"That baby's crying don't bother me at all. Whenever I see a baby I grow stronger in this fight for it's a fight for the babies of future generations, to save them from the horrors of war."

Governor Cox was introduced by Governor Edwards as "the man who makes the wobbler wobble."

Governor Cox motored ten miles from here to Princeton accompanied by a long caravan of automobiles.
